

School OBOB Coordinators,

It's tournament time! Thank you for participating in Oregon Battle of the Books and encouraging students to read. We are excited to get the 2019 OBOB tournament underway. These are the official questions you will use in your school competition.

Included here are forty complete battle sets: eight "In Which Book" questions and eight Content questions per set. The sets are numbered and organized to increase in difficulty from set #1 (easiest) to set #40 (most challenging).

Before you print, cut, and assemble your battle questions remember these DOs and DON'Ts:

DON'T...

Don't separate or re-organize the sets. They have been numbered appropriately.

Don't use these questions for practice. All sets included here are only to be used for your school's official tournament battles. Do not use them for mock battles or team practices.

Don't use sets for more than one battle unless absolutely necessary. Try to use as many unique question sets as possible in your tournament.

Don't share this document with anyone, including other schools, other OBOB coordinators, coaches, parents, or anywhere online. Anyone who needs access to the official questions should contact: obobquestioneditor@gmail.com

DO...

- ***Print these questions on cardstock.*** It makes handling and shuffling easier!
 - Choose two different colors—one for "In which book" questions and one for content questions.
 - "Photo" envelopes are the perfect size for sets (4 ½" x 6 ¼")
- ***Check the set numbers.*** Make sure the "In which book" and content questions are paired with each one's matching set number.
- ***Use sets in order.*** Start your tournament with the early numbered sets and progress toward the higher numbers. By the time you reach your championship, kids will need harder questions!
- ***Choose two sets for tie-breakers and "extras."***
 - Designate these sets before you begin your tournament and set them aside.
 - Sets #20 (moderately difficult) and #40 (challenging) are recommended for this purpose, as you will be more likely to break ties quickly.
- ***Preview the questions*** before your battles.
 - Make sure the questions make sense to you and you're familiar with word pronunciations.
 - Remember that pronunciations in students' answers simply need to be recognizable. Pronunciations have been included in the questions only to facilitate your reading.

Good luck, have fun, and happy battling!
